After attending a birthday party at a now very rich friend's house, Walt reconnects with his one-time business partner Elliott who offers him a job. Determined to ensure that his family will have a secure future, Walt embarks on a career of drugs and crime. He proves to be remarkably proficient in this new world as he begins manufacturing and selling methamphetamine with one of his former students. Meanwhile, Brock has fallen terribly ill and Jesse suspects Walt may be behind it. The series tracks the impacts of a fatal diagnosis on a regular, hard working man, and explores how a fatal diagnosis affects his morality and transforms him into a major player of the drug trade.
